

Are you a TLNA member?	Would you support amending the urban design	If you support with reservations, what are	If you oppose, are there changes that the	What should TLNA prioritize asking the developer to	What should TLNA prioritize asking the developer to	What should TLNA prioritize asking the developer to	What should TLNA prioritize asking the developer to	Are there other changes you would like to see in	Are there any other concerns or comments you have	Verified member?	Current Member?
Yes	Oppose		The plan says 8 stories. Why have a plan if					If changes are made they should be for this "developer "		Yes	Current Member
Yes	Support with reservations	1) Lack of setbacks and reduction in mass in upper stories	N/A	Affordable housing	Aesthetics/Look of the building	Family-size units		Less parking and many more EV charging spaces. With E	Increase in housing, retail, and density along E	Yes	Out of Date
Yes	Support with reservations	A reasonable amount of affordable housing be included---	n/a	Affordable housing	Aesthetics/Look of the building	Family-size units		Friendlier and more stately design since it is the	Set back from the street like the other high rises in the	Yes	Out of Date
Yes	Support with reservations	Concerned about excessive shadowing of residential		Affordable housing	LEED (energy efficiency) certification	Aesthetics/Look of the building	Public community space	Consider less parking	Generally in favor, but shadowing potential is high	Yes	Current Member
Yes	Support with reservations	I would like to see a rendering of how it impacts the	Make it less ugly	LEED (energy efficiency) certification	Aesthetics/Look of the building	Public community space	Affordable housing		Mostly the ugly, but it's hard to know what that height will be	Yes	Out of Date
Yes	Support with reservations	It could still use more publicly accessible spaces and		Public community space	LEED (energy efficiency) certification	Family-size units	Affordable housing	Would like to see more retail/commercial space; More		Yes	Current Member

Yes	Oppose	it is too tall	make it smaller	Aesthetics/Look of the building	Family-size units	Affordable housing		less retail	what ever happened to not blocking peoples views of the	Yes	Out of Date
Yes	Support with reservations	It just seems like a really tall building. What is the point of	More affordable housing. Only Five units for	Aesthetics/Look of the building	LEED (energy efficiency) certification	Family-size units		Affordable retail spaces.		Yes	
No	Support with reservations	lower income and ownership inclusion. more 2&3		LEED (energy efficiency) certification	Affordable housing	Family-size units	Public community space			No	Not a member
No	Support with reservations	more affordable housing		Affordable housing	Family-size units	Public community space	LEED (energy efficiency) certification			No	Not a member
Yes	Support with reservations	more affordable housing should be required for		Affordable housing	Aesthetics/Look of the building	LEED (energy efficiency) certification	Public community space	Architecture is too "busy" and looks too much like the galaxy and	Please minimize auto traffic on bike boulevard	Yes	Out of Date
Yes	Support with reservations	more affordable units		Affordable housing	Aesthetics/Look of the building	Family-size units	LEED (energy efficiency) certification		As shown in the pictures, the mass of the building.	Yes	Out of Date
No	Support	N/A	N/A	Aesthetics/Look of the building	Affordable housing	Public community space	LEED (energy efficiency) certification	N/A	No	No	Not a member

No	Support	N/A	N/A	Affordable housing	Family-size units	LEED (energy efficiency) certification	Public community space	N/a	N/A	No	Not a member
Yes	Oppose	Neighborhood ambiance and energy is getting lost. I love	Make it a ten story or less. Make sure all the	Aesthetics/Look of the building	Affordable housing	Family-size units	LEED (energy efficiency) certification	Less retail, especially if no goal on what they want it to	So if we allow this developer to build a 12 story building	Yes	Out of Date
No	Support	none, this is a great project for the area - density in	n/a	Affordable housing	Family-size units	Aesthetics/Look of the building	Public community space	no - looks well thought out.	none	No	Not a member
Yes	Oppose	Should only go up to 10 stories ... buildings should get	More green spaces and trees. Make it	Family-size units	Aesthetics/Look of the building	Public community space	LEED (energy efficiency) certification	More parking, more usable green space on rooftops.	If there is a pool (which there shouldn't be) it should offer	Yes	Out of Date
Yes	Support with reservations	The design appears too massive and uniform. It would fit into		Aesthetics/Look of the building	LEED (energy efficiency) certification			Instead of building "upward". Use natural cooling/heati		No	
No	Oppose	We have so many tall building in our area	No	LEED (energy efficiency) certification	Aesthetics/Look of the building	Public community space	Family-size units	Parking included in rent for renters and parking for	With big developments are we going to have more police	No	Not a member
Yes	Oppose	What a joke. There is NO REASON for this to be this tall. We need	The building is unattractive and sticks up	Affordable housing	Family-size units	Aesthetics/Look of the building	LEED (energy efficiency) certification	Should have electric plugs, B-Cycle station and something to	Too tall! Unaffordable. Do better, Madison!	Yes	Current Member

No	Support with reservations	would like to see more than 5 affordable units, but		Affordable housing	Family-size units	LEED (energy efficiency) certification	Public community space	less parking, especially near bus and other amenities.	No	Not a member	
Yes	Support	Would love to see the pool made available to TL neighbors	Does this set a precedent for future buildings	Public community space	Aesthetics/Look of the building	Family-size units	Affordable housing		Yes	Current Member	
Yes	Oppose		There has to be affordable housing options.	Affordable housing	Family-size units	Public community space	LEED (energy efficiency) certification		Yes	Current Member	
Yes	Oppose		I am very concerned about the increased height.					I am opposed to this building at 14 stories. In a 10 story	Yes	Out of Date	
No	Support			Aesthetics/Look of the building	Public community space	LEED (energy efficiency) certification	Affordable housing		No	Not a member	
No	Support			Affordable housing	Public community space	Aesthetics/Look of the building	LEED (energy efficiency) certification	No this looks great!	None	No	Not a member
No	Support			Public community space	Aesthetics/Look of the building	Family-size units	Affordable housing		No	Not a member	

No	Support		Aesthetics/Look of the building	LEED (energy efficiency) certification	Affordable housing	Family-size units			No	Not a member
Yes	Support		Family-size units	Affordable housing	Aesthetics/Look of the building	Public community space	Less parking, less retail		Yes	Current Member
Yes	Support		Aesthetics/Look of the building	Public community space	LEED (energy efficiency) certification	Affordable housing			Yes	
Yes	Oppose	None. That is too many Stories, completely	Affordable housing	Family-size units	Aesthetics/Look of the building	Public community space		When will it stop? We are being overrun with buildings that	No	
No	Support		Family-size units	Affordable housing	Public community space	LEED (energy efficiency) certification			No	Not a member
Yes	Oppose	no, 14 stories are not appropriate for this	Affordable housing	Family-size units	Aesthetics/Look of the building	LEED (energy efficiency) certification	more colorful exterior, less drab, blue? red? green?	Permitting this building to increase height to 14 stories opens	Yes	Out of Date
Yes	Oppose	Add public access green space	Affordable housing	LEED (energy efficiency) certification	Public community space	Family-size units			Yes	

Yes	Oppose	Half the stories is ideal. We need not tall	Aesthetics/Look of the building	Public community space	Affordable housing	Family-size units	Mandatory retail on first floor would be ideal	Another developer with deep pockets along east	Yes	Out of Date
Yes	Oppose	No	Public community space	LEED (energy efficiency) certification	Aesthetics/Look of the building	Affordable housing	No	I like the design but would limit to 12 stories max.	Yes	Out of Date
No	Oppose		Affordable housing	Family-size units	Aesthetics/Look of the building	LEED (energy efficiency) certification			No	Not a member
Yes	Oppose	Not for 14 stories. I would consider 11 or 12	LEED (energy efficiency) certification	Aesthetics/Look of the building	Public community space	Affordable housing		What seems like a worthwhile concession now will	Yes	Current Member
No	Support		Family-size units	Affordable housing	LEED (energy efficiency) certification	Public community space	I didn't do the math on parking spaces per unit, but we		No	Not a member
Yes	Support							Very concerned about the NIMBYs , including	Yes	Current Member
Yes	Oppose	No	Affordable housing	Family-size units	Public community space	LEED (energy efficiency) certification	More parking		Yes	Current Member

Yes	Support								I am fine with 14 stories. I also do not think we need to	Yes	Current Member
Yes	Oppose	Have any extra floors be dedicated to	Affordable housing	Family-size units	Aesthetics/Look of the building	LEED (energy efficiency) certification				Yes	Current Member
No	Support		Affordable housing	Family-size units	LEED (energy efficiency) certification	Aesthetics/Look of the building	Less auto parking; all auto parking spaces EV ready, with at			No	Not a member
Yes	Oppose	stick to the current height restrictions	Public community spaces	LEED (energy efficiency) certification	Aesthetics/Look of the building	Family-size units	as much retail as possible			No	
Yes	Support		LEED (energy efficiency) certification	Aesthetics/Look of the building	Affordable housing	Family-size units	Less parking, make the back look a little less flat.	Not really		Yes	Current Member
Yes	Support		Family-size units	LEED (energy efficiency) certification	Aesthetics/Look of the building	Affordable housing	Activate Blount street for pedestrian use (ideally	Seems fine. My only real concern is further increases in		Yes	Current Member
Yes	Oppose	Inclusion of affordable housing units as	Affordable housing	Family-size units	Public community space	LEED (energy efficiency) certification				Yes	Current Member

No	Support		LEED (energy efficiency) certification	Aesthetics/Look of the building	Affordable housing	Public community space		This developer will be a great partner for the City	No	Not a member
Yes	Support		Family-size units	LEED (energy efficiency) certification	Public community space	Affordable housing			Yes	Out of Date
Yes	Oppose	50% or more low income units, remove	Affordable housing	LEED (energy efficiency) certification	Aesthetics/Look of the building	Public community space			Yes	Out of Date
Yes	Support		Affordable housing	Family-size units	LEED (energy efficiency) certification	Public community space			Yes	Current Member
Yes	Support		LEED (energy efficiency) certification	Family-size units	Aesthetics/Look of the building	Public community space	Fewer parking spaces.	This survey is poorly worded and weighted towards	Yes	Current Member
Yes	Oppose	Keep current height restrictions, 8	Aesthetics/Look of the building	Public community space	Affordable housing	Family-size units	This question presupposes support of the project, which we do	The heights and storey counts of your image appear	Yes	
Yes	Oppose		Affordable housing	LEED (energy efficiency) certification	Family-size units				No	

Yes	Oppose	Improve pedestrian /public space / residential	Affordable housing	LEED (energy efficiency) certification	Aesthetics/Look of the building	Family-size units	Orient toward bus use. Dedicate space to city needs such	More trees, vegetation	Yes	Current Member
Yes	Support		Affordable housing	Aesthetics/Look of the building	Family-size units	LEED (energy efficiency) certification			Yes	Out of Date
Yes	Oppose		Family-size units	Affordable housing	Public community space	Aesthetics/Look of the building	Please ensure ample space for dog and pet relief if animals are		No	
Yes	Oppose	Needs to have affordable housing	Affordable housing	Aesthetics/Look of the building	LEED (energy efficiency) certification	Family-size units			No	
Yes	Support		Public community space	Affordable housing	LEED (energy efficiency) certification	Family-size units	Less parking, more commercial space		Yes	Current Member
Yes	Oppose	Maybe if they would have a sizeable portion of	Affordable housing	Aesthetics/Look of the building	LEED (energy efficiency) certification		This is just a butt ugly building, can't we get designers to	More housing doesn't translate to more	Yes	Current Member
Yes	Support		Affordable housing	LEED (energy efficiency) certification			Less car parking, plenty of fully secure bike parking		Yes	Current Member

Yes	Oppose	No	Aesthetics/Look of the building	Family-size units	LEED (energy efficiency) certification	Public community space			Yes	Current Member
Yes	Support		Affordable housing	Public community space	LEED (energy efficiency) certification	Family-size units	Less parking, more protected bike parking.		Yes	Current Member
No	Support		Aesthetics/Look of the building	Affordable housing	Public community space	Family-size units		This is a great spot for density and fits with the scale of E.	No	Not a member
Yes	Support		LEED (energy efficiency) certification	Affordable housing	Family-size units	Aesthetics/Look of the building	Less parking. A pool in Wisconsin seems unnecessary,	The space as is seems unused as is(haven't seen anyone	Yes	Current Member
No	Support		Affordable housing	LEED (energy efficiency) certification	Family-size units	Public community space	This is a great, central location right on the BRT line. WE	Shadow concerns and aesthetics should not	No	Not a member
Yes	Support						LESS parking, MORE retail		Yes	Out of Date
Yes	Oppose	No.	Affordable housing	LEED (energy efficiency) certification			More parking would be good. Can't imagine they can put in	Precedent. City waives it here, others will demand equal	Yes	Out of Date

No	Support		Aesthetics/Look of the building	Family-size units	Affordable housing	LEED (energy efficiency) certification		That it won't get the bonus height it needs to succeed and	No	Not a member
Yes	Support		Affordable housing	Public community space	LEED (energy efficiency) certification	Family-size units	A great many of the units will be directly facing each	Too much parking. The buses are going to be passing by	Yes	Out of Date
Yes	Support		Aesthetics/Look of the building	Affordable housing	LEED (energy efficiency) certification			How will residents with cars access East Wasihington	Yes	Current Member
Yes	Oppose		Family-size units	LEED (energy efficiency) certification	Affordable housing	Public community space	Electric car charging stations, public library, bird proof	What is the point of the zoning, if the city approves the height	Yes	Current Member
No	Support		Affordable housing	Aesthetics/Look of the building	LEED (energy efficiency) certification	Family-size units			No	Not a member
Yes	Oppose	8 stories Only. No street parking allowed.	Affordable housing	Family-size units	Aesthetics/Look of the building	Public community space	For the above question, they are ALL a Top	The world is on Fire! Now is the time to work and move to save	Yes	Current Member
No	Support		Affordable housing	Family-size units	Public community space	LEED (energy efficiency) certification		Build build build.	No	Not a member

No	Support		Family-size units	LEED (energy efficiency) certification	Affordable housing	Aesthetics/Look of the building		No	Not a member	
No	Support		Aesthetics/Look of the building	LEED (energy efficiency) certification	Public community space	Family-size units	Encourage the developer to fill the commercial space with	No	Not a member	
No	Support		Affordable housing	LEED (energy efficiency) certification	Family-size units	Public community space	Less parking, as energy efficient as possible, heat	No	Not a member	
No	Support		Affordable housing	LEED (energy efficiency) certification	Family-size units	Public community space		No	Not a member	
Yes	Oppose	No. This is inappropriate given the one- and two-	Affordable housing	Public community space	Family-size units		It's inappropriate to spend time on design before we	We are not wedded to this developer. Another may	Yes	Current Member
Yes	Oppose	Increase number of affordable units, include	Affordable housing	LEED (energy efficiency) certification	Public community space	Aesthetics/Look of the building			Yes	
No	Support		Aesthetics/Look of the building	LEED (energy efficiency) certification	Public community space			No	Not a member	

Yes	Oppose	More affordable units	Affordable housing	LEED (energy efficiency) certification	Family-size units	Aesthetics/Look of the building	Less retail		Yes	Current Member
Yes	Oppose	Keeping it to 8 + 2 bonus stories-- there are	Affordable housing	Family-size units	LEED (energy efficiency) certification	Public community space	No more retail... the cost of retail space in Madison is	I'm concerned that the developer is so opposed	Yes	Current Member
Yes	Oppose	Fewer stories. Such a tall development is not	Affordable housing	Family-size units	Public community space	LEED (energy efficiency) certification	Stormwater and flooding mitigation measures. One level of	No affordable housing. Lack of concurrence	Yes	Out of Date
Yes	Support		Family-size units	LEED (energy efficiency) certification	Aesthetics/Look of the building	Affordable housing			Yes	Out of Date
Yes	Support		Affordable housing	Family-size units	LEED (energy efficiency) certification	Aesthetics/Look of the building	Less parking. More retail.		Yes	Out of Date
